

AHMED MOHAMED SHAHIN

+201277559079 | ahmedshahin978@aucegypt.edu | ahmedmohamedshahin

Motivated and versatile undergraduate student pursuing a B.Sc. in Electronics & Communications Engineering with a minor in Business Administration at the American University in Cairo, seeking an internship opportunity to apply and expand technical and creative skills in a dynamic, real-world environment. I possess hands-on experience in technology, engineering, multimedia production, and digital marketing, along with a proven track record of impactful contributions in both corporate and nonprofit settings. Eager to contribute to innovative teams, enhance industry knowledge, and develop professionally through practical challenges in technology, engineering, or business-related roles.

EDUCATION

The American University in Cairo B.Sc. in Electronics & Communications Engineering Minor in Business Administration	Sept 2023 - Dec 2027
Universitat Autònoma de Barcelona Summer Semester Abroad Grade: A	July 2025 - August 2025
Cairo English School International General Certificate of Secondary Education (IGCSE) Diploma Graduated with Honors	Sept 2008 - June 2023

AREAS OF EXPERTISE

Circuit Design & Embedded Systems	Cybersecurity & Network Protection	Communication Systems Engineering
Brand Design & Digital Content Creation	Event Planning & Execution	Strategic Marketing Campaigns

ADDITIONAL INFORMATION

- Languages:** English (Fluent), Arabic (Fluent), & French (Basic).
- Awards & Recognitions:**
 - Inspirational & Outstanding Intern – Emirates NBD & Enppi
 - Student Union Leadership Role – AUC
 - Community Leadership Award – Dar Al-Orman Foundation

NOTABLE PROJECTS & ACHIEVEMENTS

- Directed marketing for AUC concerts featuring top Egyptian artists like Amr Diab (2025, 2026), Ahmed Saad (x2), Omar Khairat, Ramy Sabry, Cairokee, Marwan Pablo, Abu, and Ruby, reaching over 25,000+ attendees per concert.
- Autonomously managed end-to-end marketing campaigns for Dubizzle Group, driving the entire project lifecycle for the Hatla2ee World Cup Campaign (June 2026) and the Bayut Egypt "European Destinations in Egypt" Campaign (July 2026), from conceptualizing creative briefs and pitching to executive leadership, to developing cross-functional action plans and finalizing comprehensive content calendars.
- Finalist in the Visa VCA "Crack the Case" Competition (AUC x Visa), selected among 170+ participants for designing an innovative youth credit card CVP and presenting to Visa's leadership board.
- Organized TEDxYouth@CES and various school-wide events by designing full-stack digital infrastructure, including responsive websites, automated ticketing, and seating systems, that drove record ticket sales, early conversions, and an enhanced user experience.
- Delivered data-driven social media strategies at Hajjar Travel, increasing overall platform reach and engagement through analytics-based content planning.
- Developed a prototype for a home automation system using Arduino and sensors, integrating real-time data transmission and circuit logic, enhanced system efficiency and demonstrated IoT application in smart environments.

PROFESSIONAL EXPERIENCE

- Marketing and Design Consultant – Egypt Moon Travel** Jan 2024 - Present
- Executed a complete rebranding campaign: logo design, website revamp, and digital presence.
 - Developed all promotional content and optimized digital marketing strategy.
 - Elevated customer engagement and brand visibility through modern platforms.
- Events & Marketing Representative – Concert, AUC Student Union** Sept 2023 - Present
- Organized major concerts and student events in collaboration with artists including Amr Diab (2025-2026), Ahmed Saad (x2), Ramy Sabry, Omar Khairat, Medhat Saleh, Ruby (x2), Legacy, & Cairokee.
 - Designed campaign materials and digital promotions to enhance visibility and attendance.
 - Managed outreach strategies, ensuring cohesive brand alignment for both internal and external stakeholders.
- Community Development Volunteer – Dar Al-Orman Foundation** 2021 - Present
- Contributed over four years to community service, advancing social impact and development initiatives.
 - Provided proactive support to the foundation's mission through collaboration and problem-solving.
 - Recognized for leadership, dedication, and a commitment to creating meaningful change.
- Communications Intern – Orange Egypt** July 2026
- Supported major on-ground sponsorship activations for the highly anticipated Amr Diab 2026 album launch as part of the Events & Sponsorships team, working under the direct mentorship of Maha Nagy to align the campaign with Orange Egypt's strategic vision.
 - Single-handedly conceptualized, developed, and pitched comprehensive filming ideas and visual storyboards for the Orange Premier Sahel summer content, driving the creative narrative to maximize premium customer engagement.
 - Contributed to the strategic execution of Orange Egypt's World Cup 2026 promotional campaign, while facilitating cross-functional efforts to ensure seamless alignment between high-profile sponsorship goals, event operations, and brand messaging.
- Marketing Intern, Dubizzle Group** June 2026
- Spearheaded end-to-end marketing campaigns for Bayut and Hatla2ee with full autonomy, solely conceptualizing and executing all strategy, GTM planning, and content calendars.
 - Directed and edited visual content for series like "Hakawy El Arabeya," presenting strategic concepts and internal deliverables directly to executive leadership.
 - Designed and published digital campaigns across all social media suites independently, ensuring flawless brand alignment and maximizing campaign reach.
- Marketing Head – Homecoming, AUC Student Union** Jan 2026 - May 2026
- Led marketing for Legacy Concert at AUC (2026), overseeing campaign strategy, branding, and promotional execution to maximize reach and attendance.
 - Organized and supported large-scale concerts like Amr Diab (2026) concert at AUC.
 - Designed and executed digital campaigns and promotional materials, ensuring consistent brand alignment across all channels and stakeholders.

PROFESSIONAL EXPERIENCE

Marketing and Design Consultant – The Strategic Priorities Hub

July 2025 - May 2026

- Spearheaded the visual identity and digital presence of a rising policy-focused think tank committed to sustainable development and reform in Egypt.
- Led strategic design and communication efforts to ensure brand consistency across web, print, and social platforms.
- Managed and designed the website's language, tone, and style across both Arabic and English content, ensuring clarity, professionalism, and alignment with SPH's mission.

Co-Founder & Chief Marketing Officer – Hekayetna

Jan 2026 - April 2026

- Built the brand from the ground up for a premium Ramadan Suhoor venue, shaping its identity, physical presence, and digital marketing direction.
- Led brand architecture and design, including naming, logo, typography, brand guidelines, menus, staff apparel, and packaging for a cohesive guest experience.
- Directed content production and campaign strategy, from concept development and storyboarding to final edits, to position the venue as a top Ramadan 2026 destination.

Dining with an AUCian – Office of Alumni Engagement, AUC

April 2026

- Participated in an exclusive networking dinner with Maha Nagy, Chief Marketing Communications Officer at Orange Egypt, discussing industry insights, career pathways, and professional development.

Visa VCA “Crack the Case” Competition – Finalist

November 2025

- Selected as one of the Top 7 finalist teams out of 170+ participants after a two-stage screening and presentation process.
- Developed an innovative youth-focused Visa Platinum Debit Card CVP, integrating behavioral credit design, AI-based rewards, and scalable unit economics.
- Presented strategic recommendations on market entry, profitability, and go-to-market execution to Visa's senior leadership, including the VP of Visa.
- Gained hands-on consulting experience in financial product design, pricing strategy, and data-driven growth modeling within the fintech industry.

Instrumentation & Control (I&C) Intern - PGESCO

August 2025

- Gained practical experience in industrial automation, SCADA systems, and instrumentation & control engineering, with emphasis on system reliability, safety, and operational efficiency.
- Applied Siemens-specific software, Viseo, and IEC 60617/5.1 circuit standards to design, interpret, and simulate engineering diagrams for real-world industrial contexts.
- Simulated FAT/SAT commissioning workflows and studied cycle chemistry and thermal power plant operations, developing a strong foundation in control logic, process safety, and performance optimization.

Electrical Intern - Enppi

August 2025

- Assisted in the design and review of electrical systems for large-scale oil & gas and industrial projects, ensuring compliance with international standards and safety codes.
- Developed familiarity with power distribution, cable sizing, lighting, grounding, and protection systems, while supporting senior engineers in technical documentation and calculations.
- Gained exposure to industry software tools and workflows, strengthening knowledge of project execution, engineering deliverables, and multidisciplinary coordination in EPC projects.

AHMED MOHAMED SHAHIN

PROFESSIONAL EXPERIENCE

Marketing and Multimedia Head – Broadway, AUC Student Union	Feb 2025 - June 2025
- Leading branding, visual content, and digital communications strategy for Broadway productions. - Managing the creation of all multimedia assets for promotion, outreach, and engagement. - Enhancing event performance through cohesive design and content planning.	
Data Science – British Airways (Remote)	2025
- Completed data-driven projects focused on aviation analytics and optimization. - Applied machine learning techniques to solve operational challenges. - Gained exposure to airline data systems and predictive modeling.	
Cyber Security – Deloitte Australia (Remote)	2025
- Developed practical skills in digital forensics, threat modeling, and incident response. - Engaged in hands-on simulations to test real-world security protocols. - Earned recognition for analytical excellence and attention to detail.	
Operations Industrial Engineer – Siemens Mobility (Remote)	2025
- Learned industrial workflows, lean operations, and process optimization. - Participated in factory floor simulations and logistics planning. - Demonstrated ability to analyze and enhance operational systems.	
Advanced Software Engineering – Walmart USA [Global Tech] (Remote)	2025
- Completed modules on scalable architecture, testing, and full-stack development. - Gained exposure to real-world systems used in global retail tech. - Developed advanced understanding of API design and system integration.	
Marketing Solutions Fundamentals – LinkedIn	2025
- Studied fundamentals of campaign setup, ad optimization, and analytics. - Built mock campaigns to simulate real client objectives. - Certified in LinkedIn Ads Manager and conversion tracking tools.	
Marketing Strategy Certification – LinkedIn	2025
- Explored strategic marketing models and real-life campaign case studies. - Built long-term customer journey frameworks using platform insights. - Delivered data-backed marketing plans with defined KPIs.	
Content & Creative Design Certification – LinkedIn	2025
- Gained expertise in digital storytelling and creative strategy. - Designed platform-optimized multimedia campaigns for diverse audiences. - Demonstrated proficiency in content performance measurement.	
Social Media Coordinator – Hajjar Travel	2020 - 2024
- Created cohesive brand identity including logo, graphics, and messaging. - Managed content and engagement across multiple platforms. - Increased online presence and user interaction through digital strategy.

PROFESSIONAL EXPERIENCE

Sales Intern – Emirates NBD Egypt

2024

- Recognized for outstanding contribution and dedication during an internship at Emirates NBD, reflecting strong performance and professionalism.
- Demonstrated exceptional commitment and a results-driven approach, earning acknowledgment from HR leadership.
- Gained valuable experience in a professional banking environment, showcasing adaptability, teamwork, and a proactive mindset.

Marketing Intern – Vodafone Egypt

2024

- Recognized as an inspirational and outstanding intern for exceptional performance and contributions during the internship.
- Demonstrated strong leadership, initiative, and commitment, significantly impacting the team and projects.
- Acknowledged for going above and beyond expectations and for showcasing a proactive and dedicated approach.

Chief Operating Officer – Injaz Startup Simulation

2022 - 2023

- Directed startup operations in a simulated environment, handling planning and execution.
- Launched marketing strategy and branding to support product positioning.
- Oversaw operations, growth metrics, and cross-team efficiency.

Analytics Intern – Quantum (Remote)

2022

- Focused on uplift modeling, A/B testing, and commercial analytics.
- Applied insights to simulate business optimizations.

React Web Development Intern – Skyscanner (Remote)

2022

- Built scalable front-end interfaces using React.
- Applied responsive design and real-world APIs.

Data Protection Intern – Goldman Sachs (Remote)

2022

- Developed skills in handling and analyzing sensitive data, focusing on ethical hacking techniques and password security.
- Gained hands-on experience in using tools and methods to break down encryption and test system vulnerabilities.
- Strengthened technical problem-solving and analytical skills through a challenging, real-world cybersecurity task.
- Enhanced understanding of data protection and security best practices in engineering environments.

Cybersecurity Intern – ANZ (Remote)

2022

- Completed practical task modules in social engineering investigation and digital forensics
- Strong understanding of threat identification, analysis, and mitigation
- Skilled in investigating and resolving security incidents across digital environments
- Adept at managing high-stakes situations and working under pressure
- Proven ability to collaborate with teams and communicate complex issues clearly

AHMED MOHAMED SHAHIN

PROFESSIONAL EXPERIENCE

Data Visualization Intern – JPMorgan Chase & Co. (Remote)

2022

- Worked with JPMorgan Chase frameworks and tools, developing familiarity with industry-standard software development practices.
- Focused on displaying data visually for traders, honing skills in data visualization and user interface design for financial applications.
- Developed proficiency in managing and presenting complex data sets for decision-making and trading strategies.
- Strengthened problem-solving and software engineering skills through hands-on tasks in a financial environment.

Cybersecurity Intern – Mastercard (Remote)

2022

- Designed a phishing email simulation, gaining practical experience in identifying and replicating social engineering tactics.
- Interpreted results from phishing simulations, analyzing data to improve security measures and minimize threats.
- Developed skills in cybersecurity awareness and the ability to recognize and mitigate phishing risks.
- Strengthened problem-solving and analytical skills, focusing on real-world applications in protecting against cyber threats.

Technical Solutions Intern – Amazon Web Services (Remote)

2022

- Completed practical modules in designing simple, scalable hosting architectures, showcasing technical proficiency in cloud solutions.
- Developed a strong understanding of AWS services and how to effectively integrate them to solve real-world business challenges.
- Strengthened problem-solving and critical thinking skills through simulated client projects and technical tasks.
- Collaborated in virtual team settings, enhancing communication and teamwork skills in a professional environment.

Software Engineering & Cybersecurity Intern – Electronic Arts (Remote)

2022

- Gained hands-on experience with game engine technology, learning key components and tools for game development.
- Focused on mitigating cyber vulnerabilities, applying cybersecurity principles to secure gaming environments.

Event Planner & Digital Systems Designer – Cairo English School

2021 - 2022

- Directed the successful organization of a TEDx Youth event, achieving a significant year-over-year increase in ticket sales.
- Designed and implemented a fully integrated website, ticketing platform, and seating system, showcasing advanced technical and problem-solving skills.
- Orchestrated a strategic marketing campaign, elevating event visibility and driving audience engagement.
- Cultivated partnerships with high-profile speakers and vendors, enhancing the event's quality and attendee satisfaction.
- Demonstrated expertise in event planning, digital infrastructure development, and strategic marketing to deliver a memorable and impactful experience.
